Ask 3 Questions

Become more involved in decisions about your healthcare. You may be asked to make choices about your treatment. To begin with, try to make sure you get the answers to three key questions:

1. What are my options?
2. What are the pros and cons of each option for me?
3. How do I get support to help me make a decision that is right for me?

How We Use Your Information

For details on how we collect, use and store the information we hold about you, please take a look at our “how we use your information” leaflet which can be found on the Trust website:

http://www.wwl.nhs.uk/patient_information/leaflets

This leaflet is also available in audio, large print, braille and other languages upon request.
For more information please ask in department/ward.

Who we are

The Macmillan Allied Health Professionals Team is based at Wigan and Leigh Hospice.

Physiotherapists are members of a group of health workers called allied health professionals.

Our role

Physiotherapists will support you with your movement and function to help you participate in activities that are important to you in your daily life.

Our aims

- To maximise your independence and abilities.
- To improve your quality of life.
- To support you and enable you to remain in your preferred place of care.
- To set achievable and realistic goals with you.

What we do

We will ask you questions about your needs and discuss any problems which are important to you.

This will include asking you questions about your:

- Medical history
- Diagnosis
- Medications
- Social support.

We may then ask to see you walking or moving to physically assess your problem.

A relative or carer may be present if you wish.

Our treatments

- Assessment and prescription of equipment to help with mobility and function.
- Identify ways to help you move around safely, such as from bed to chair or up and downstairs.

- Prescription of exercises to improve your mobility and function.
- Assessment and treatment of joint and muscle pains.
- The use of specialist pain management techniques such as acupuncture and electrotherapy.
- Teach breathing techniques to help ease breathlessness.

Your progress will be monitored and altered as your needs change.

How to contact us

If you have any questions or queries, which we have not covered in this leaflet, please contact:
